

State Evaluation of 21st Century Community Learning Centers 2008 Student Survey (Grades K - 3)

This survey asks kids how they feel about this program. The answers kids give us will help make the program better. **There are no right or wrong answers!**

Your answers will be kept private. No one in the program or your family will know what you answered. **Tear off the page with your name on it before you turn it in.** Then no one in the program will know your answers.

To answer each question, fill in the face for your answer. If your answer is **A lot**, fill in this face ☺. If your answer is **Some**, fill in this face ☹. If your answer is **Not much**, fill in this face ☹. Use a pencil or pen to fill in the faces. Here are some examples:
