

To the math or reading teacher of:

**State Evaluation of 21st Century Community Learning Centers
Teacher Survey 2008**

This survey is to evaluate this particular student regarding changes you may have seen during the school year.

This survey has been approved by the supervisors in your district.

The survey is designed to collect information about changes in a particular student's behavior **during the 2007-2008 school year**. Any information you provide will be kept private, and reports from this information will never refer to an individual student or parent, only groups of people. No one in the program or school will have access to your individual answers.

Please select only one response for each of the questions asked in the survey.

Note: If you believe the behavior described in a given question is not applicable for the student for whom you are completing the survey (e.g., homework is not given in your classroom because of the age of the student), please do not provide a response for that question.

Instructions:

- Please tear off and dispose of the top page that contains the student information. This is to keep your responses confidential.
- Please fill in the grade level you teach and subject reading/math.
- We welcome any further comments you may have at the bottom of the survey.
- You may hand in your surveys to the 21st Century Site Coordinator.

THANK YOU – WE APPRECIATE YOUR HELP!

If you have any questions or concerns, please do not hesitate to call 517-432-0061 and speak with Megan Platte or Beth Prince.
